A person wearing a dark hoodie with a light-colored paisley pattern is seen from behind, with their arms raised in the air. The background is a dark, out-of-focus crowd at a concert, with a bright light source visible in the upper left corner. The overall mood is energetic and vibrant.

A high-angle, black and white photograph of a massive crowd of people at a concert or festival. The crowd is dense and fills the entire frame. Many people are looking towards the camera or slightly away, some with expressions of excitement or anticipation. The lighting is dim, suggesting an indoor or nighttime outdoor setting. Overlaid on the center of the image is a large, bold, white text question. The words 'album artwork' are highlighted in a reddish-orange color.

Thinking about **album artwork**
that encapsulates the
very essence of your music?

"I could not recommend Chris more! So professional, insightful and creative.

It was a real pleasure to work with someone who clearly loves his job and does it with great enthusiasm. It makes the experience shooting completely elevated!"

Blackjack + Jai Sian

"Working with Chris is one of the highlights of each new project as a musician. I can come to him with new ideas and themes for projects and he's able to bring them to life."

Leo Miyagee

"I love working with Chris, he knows how to capture moments and expressions that amplify the best parts of my personality intuitively. Chris is a true storyteller, I feel like he can make small moments feel iconic and unforgettable. I feel certain that we'll be looking at Chris' photos in the future as our reference in collective memories."
